

## VA Covid Medical Supplies, LLC

VA COVID Medical Supplies LLC was created due to massive shortages of PPE gear and critical medical supplies for US medical professionals, first responders, and eldercare workers in the COVID 19 / Coronavirus Pandemic. We are connected with automotive manufacturers who are able to leverage substantial global connections to their production network to provide these emergency supplies.

We are supplying these goods at cost and our sole goal is to help as many people as possible. To keep our phone lines unclogged, please connect with us at:
